PETITION TO WITHDRAW HOLDING OF ABANDONMENT BASED ON FAILURE TO
RECEIVE OFFICE ACTION

Mail Stop Petitions

Commissioner for Patents

Alexandria, VA 22313-1450

Petition is hereby made under 37 CFR 1.181(a) for the withdrawal of a holding of abandonment and for further consideration of the subject Application on the basis that an Office Action was not received.

A Reply to a non-final Office Action was timely submitted on 21 November 2003 along with a petition and fee under 37 CFR 1.136(a) for a one month extension of time. The undersigned recently discovered *via* Private PAIR that a Notice of Informal or Non-Responsive Amendment is listed therein as having been mailed on 12 December 2003. The period for reply to the aforementioned Notice expired prior to today's date and therefore it is presumed that the subject Application has gone abandoned for failure to reply.

The undersigned has personally searched the file jacket and the docket record for the subject Application and has determined that nothing has been received from the Office since the submission of the aforementioned Reply. A copy of the complete docket record for this Application, which is entitled "Patent Record Summary Sheet", is included for reference.

Application No. 09/778,687
Petition dated 20 April 2005

2 of 2

In light of the facts stated above, it is respectfully requested that the presumed holding of abandonment of the subject Application be withdrawn and that the subject Application be further considered.

The content of the aforementioned Notice of Informal or Non-Responsive Amendment is not available on Private PAIR, but the Examiner related in a telephone conversation on 19 April 2005 that the informality was that the previously cancelled claims were omitted from the listing of claims in the aforementioned Reply. A replacement version of that Reply in which the cancelled claims are properly listed is being submitted herewith to correct this inadvertent oversight. In light of this simultaneous submission of the corrected Reply, it is proposed that the remailing of the Notice of Informal or Non-Responsive Amendment will not be necessary, i.e., it is proposed that the prosecution be continued from this point without the Notice being remailed and a response to it being submitted. A confirmation that this approach is acceptable would be appreciated.

Respectfully submitted,

By: Michael P. Hayden
